- What are the eligibility criteria?**
- Applicant must be aged 5–18 years.
 - Applicant must have a Health Care Card or Pension Concession Card OR be referred by a recognised referral agent.
 - Applicant's primary place of residence must be in the local government area where they are applying.

- What else?**
- Funding will cover the cost of fees to join the nominated sport or recreation club and this may include other related costs identified by the club.
 - Maximum of up to \$200 per child per calendar year.
 - Fees are only for the nominated registered season.
 - No retrospective fees will be paid.
 - No limitation to applications per family as long as the criteria is met.

For more information and to apply for KidSport please visit www.porthedland.wa.gov.au/kidsport-program.aspx

Look out for their symbol to find clubs currently registered for KidSport funding.

CLUB DEVELOPMENT OFFICER

The Town of Port Hedland has a dedicated Club Development Officer to assist sporting and recreation clubs and organisations to develop and thrive in the local Hedland community.

Club Development Officers span across metropolitan and regional Western Australia. They support sport and recreation clubs to be sustainable and to deliver diverse opportunities for people to participate in physical activity in their local community in a safe and welcoming environment.

The Club Development Officer program is a partnership with the Department of Sport and Recreation and local governments. The aim, through the Club Development Framework is to create a collaborative approach to club development by connecting State Sporting Associations, Regional Sport Associations, local government and community organisations to provide leadership, education and training.

For more information or to contact our Club Development Officer please email cpdo@porthedland.wa.gov.au or call 9158 9689.

WELCOME

The Port Hedland Sport, Recreation and Fitness Guide provides the community with information and contacts for local sport and recreation clubs and fitness groups. *“Active people are more connected to their community and increasing physical activity levels benefits not only individuals and families both physically and mentally, but the community as a whole.*

Active communities encourage people to participate in a range of physical activities and social events that support active living and community connections.

This is where sport and recreation clubs and fitness groups come in. They are the lifeblood of communities and in many ways, clubs are a focal point for communities, whether they are in the city or country. Research shows sports clubs and community organisations help to develop social capital and are good barometers of community strength and health” – the Department of Sport and Recreation.

Port Hedland offers a wide variety of sport, fitness and recreation activities all year round with our winter season running from April to September each year and our summer season running from October through to March of the following year.
